## WHAT! ANOTHER SPECIAL ELECTION? -- HOW STUPID!

### Severin L. Sorensen Rests In Peace--Services Friday

SEVERIN L. SORESEN

"I thank God he gave me the opportunity to know and work with this great and gentle man"

by R. Robert Evans

At approximately 3 a.m. Tuesday morning, May 21, God called one of the greatest men that I have ever had the opportunity to know and work with, Severin L. Sorensen passed away at the Queen of the Angels Hospital in Los Angeles with a cerebral hemorrhage.

It was only last Friday that I had the opportunity to talk to, who to me will always be, Mayor Severin Sorensen. He had just returned from a full examination by his doctor, and he felt that I should know the outcome of that visit.

Mayor Sorensen stated that his doctor had merely shook his head, after the examination, and remarked what a beating this body had taken since his last complete examination the early part of the year. But the doctor had given him every hope in the world, providing that he took the remainder of his days in a peaceful working atmosphere. Saturday and Sunday he seemed to be his "old self" then Monday he took a turn for the worse and was rushed to the hospital and placed under specialist care.

The aftermath of the past seven months took its toll. Many of us felt that the past year as Councilman and Mayor was one of the things that kept this great man going; those of us who knew him better, months before the past seven months robbed this man of a great many years of his life. A life that was devoted, first to his family, and always secondly to the people of Sierra Madre, where he had offered himself and was accepted by the people as a great leader both in the schools and in municipal government.

It could easily be said that, most probably, I was the closest to this man in municipal government, I knew and appreciated his every thinking. His one great desire was to pull the community together, and this is the reason that he accepted the Mayorship after the attempt of recall on February 20.

He did a marvelous job

### Why Not Give Our Elected Council The Chance To Prove Their Ability?

### Another \$3000 To Be Shot Down the Election Tubes

by R. Robert Evans

WHAT! Another Special Election for the people of Sierra Madre? Honestly, how stupid can we all be? Rumors have it, and although I have not seen them as yet, but I understand that they are in the making, petitions will soon be presented to the people of Sierra Madre in an attempt to block the appointment of a Finance Officer for the city.

Circulators of the petitions are standing on the ground that they do not like the City Council taking that which is given to an elected official and giving it to an appointed executive. In other words the finances of the city are under the jurisdiction of the City Clerk, until such time as they are taken away by the City Council.

The City Council had its first reading of Ordinance 816 which would do just that. The second reading of this ordinance is scheduled for May 28 and if adopted would become law on June 28.

Circulators of the petition must secure 10 per cent of the qualified electors, or approximately 600 signers, to block the action until it is put on the ballot. Should the circulators of the petition secure 15 per cent of the qualified voters, then they can force the City Council to call a special

election within 54 days after it is presented.

To put the city of Sierra Madre to another Special Election will be nothing short of a catastrophe, to say nothing about the approximately \$3,000 in costs. It will always be a complete mystery to me, as to why the people will not allow its elected officials to run the city to the best of their ability. Should they fail in their jobs, then and only then is the time to move in and replace them.

Personally I do not know too much about "finances," and from the way others run their personal affairs, I doubt whether very many of us do, but it would seem logical to me that a person, thoroughly trained in that field would be far better suited than one elected by the people, especially ones from the old school, rather than those thoroughly familiar with computers and their programming.

Remember the City Council is not contemplating the hiring of a "Finance Officer" per se, they are in the process of hiring a City Ad-

### Four Among Highest In Scouting

### High Awards Given At Scout Court of Honor

The Court of Honor of the Sierra Madre-Hastings Ranch area of the Rose Bowl District, held at the Willard School, was highlighted by four awards among the highest in Scouting.

The Court was opened by Marcus Woodward, District Health and Safety chairman, the colors were presented by members of host Troop 372, and the invocation was given by Rev. Richard J. Anderson of the Sierra Madre Congregational Church.

Merit Badges were awarded and advancement in rank presented to members of Troop 372 (St. Rita's Catholic Church); Troop 374 (Trinity Presbyterian Church) and Troop 377 (Eugene Field School PTA).

Advancement to the rank of Star Scout were presented by Ray J. Hyke, District public relations chairman, to Mark Sedenquist, Karl Bowman, and Kenneth Washburn of Troop 374, and Gary Landsberg of Troop 377.

Advancement to the rank of Life Scout were presented by Scouter Rodney Bray to Ralph Stearns and Randy Starrett of Troop 374.

The awarding of the Bronze Palms, two very high awards, were made by B. W. "Don" Donaldson, Rose Bowl District executive, Daniel Hyke of Troop 372, and to Robert Gobrecht of Troop 374.

The attendance count, conducted by David Orswell, District Member at Large, resulted in Troop 374 again winning the "Oscar," which was presented to the Senior Patrol Leader by Jack Lane, District Commissioner.

The presentation ceremonies of the Eagle Scout Badge were conducted by Vic Harris, District Training Chairman, assisted by Marcus Woodward, Jack Lane, William Morzov, and Don

### Boy Scouts On March

Cubs, Scouts and Explorers of the San Gabriel Valley Council will conduct a "Grand Scout March" on Friday, May 24, between the hours of 5 and 9 p.m.

The purpose of the "Grand Scout March" is an all-out effort to sell tickets to the Scouting Exposition '68 to be held at Citrus College on Saturday, June 8.

All members of packs, troops and posts in the Council have tickets for sale, according to Colin Becking, 21 W. Magna Vista, Arcadia, and are selling the tickets for \$1 each. A ticket admits one adult and children under 8 years of age.

Mr. Becking stated that distributed throughout the entire San Gabriel Valley are more than 1200 "Mystery Prizes." The prizes, in the form of certificates to be redeemed for hamburgers & fries, Pepsi-Cola, model kits, pizzas, theater tickets and a multitude of items of interest to boys.

Members of our Sierra Madre Civic Club have called upon our City Government for financial help in keeping the Sierra Madre Youth Employment Office open for the coming summer. By law it is impossible for the City Fathers to give "TAX DOLLARS" in the support of any cause, regardless of how worthy, but City Fathers did do one thing, they passed a Resolution calling upon the people of our city to donate dollars to keep the office operating.

The number of dollars that are needed have been greatly reduced by the volunteers from the Civic Club who have banded together to donate a portion of their time during the week to keep the office open and operating.

Last year this office found jobs for 735 youths of our city. They brought together the employer and the employee and a great many people were given assistance. This year the State of California has decided to withhold all financial help from this program, stating they have a too heavy burden in the "Poverty Program."

It is felt that \$500 is urgently needed to keep the flow of employment moving for our young people, and the Sierra Madre News is carrying the message to you to give your financial support.

We have learned, and it will soon be announced, if it has not already been done, that the El Toro Marine Band has accepted the invitation of the Sierra Madre Chamber of Commerce to be in Sierra Madre and help us celebrate the Fourth of July.

This sure should add a lot of zip and excitement to the parade, and we congratulate Ben Wightman and the Chamber on securing this fine band.

### New Hours

The Sierra Madre Youth Employment Center, sponsored by the Chamber of Commerce and the Sierra Madre Civic Club will continue to operate without State support as of June 30.

Due to lack of finances, the Center will be open only on Tuesday and Thursday, from 2 to 5 p.m. In the future, the office will be staffed by members of the Civic Club. Mrs. Karen Matter has volunteered her services, taking over the job presently held by Mrs. Catagno, a State employee.

The women who will maintain this office will take the application of the youth, they will give close consideration to the application as to the best job which will fit the employee, then when the employer calls the office they will fit the employee to the job which gives complete satisfaction for the employee, doing the job that he likes best, and of course give satisfaction to the employer for a job well done.

The collection of the funds to assist the project must be done fast and it must be done complete. 735 jobs found last year and 461 the year before, and there is absolutely no charge to either employee or employer for this service, and when it is considered the small amount needed to keep the doors open, it should be

### Citizens' Study Session Called For June 20th By Planning Commission

## Canyon Biggest Problem States Goal Committee

The Planning Commission will have the first Public Study Session of the report at its June 20th meeting, when the full commission and committee will be present to amplify and take under advisement possible revisions or further goals.

The public is invited to be there at that meeting. The full report of the Sierra Madre Planning Commission's goals committee will be presented to the public starting in this issue. Because of its length it will be presented in two or three segments.

At the request of the Planning Commission of the City of Sierra Madre a committee

of residents from various geographical sections within the city was convened to determine some representative goals toward which the future of our community could be planned. This committee has met, deliberated, and considered many ideas and opinions on varied ultimate goals. The following objectives or broad goals are summarized:

1. Preserve the suburban, single family residential character of the city, providing a high level of both maintenance and modernization, stressing owner-occupied residential areas.
2. Emphasize local identity.
3. Attract and stimulate retail and commercial services for the convenience of the citizens and the provision of a sound tax base.
4. Encourage light industrial development to complement the commercial economy to maintain economic growth.

### Poppy Days May 24 - 25

The ladies of the Sierra Madre American Legion Auxiliary will be on the streets of our city on May 24 and 25 selling the little, red crepe paper poppies for Memorial Day.

These poppies are made by the veteran patients at San Fernando Veterans Administration Hospital. The making of these poppies furnishes income and therapy to these patients.

The money in excess of cost of the poppies is used by the local unit for education, rehabilitation and child welfare for veterans' children.

### Community Service

### Sierra Madre Civic Club Receives 24 Awards

The Sierra Madre Civic Club was delighted to learn that they had won 24 awards at the recently held Verdugo District Convention of the California Federation of Women's Clubs. The Convention was held at the Huntington Sheraton Hotel in Pasadena on April 25 and 26.

The 22 participating clubs in the Verdugo District were vying for honors in 32 areas of community service and philanthropic work. Civic Club won the bulk of their honors in the areas of Children and Youth, and Citizenship, donating many hours of work raising monies for our community, and many hours of service given directly to worthwhile projects in Sierra Madre.

This group of 43 women were competing against clubs with memberships as high as 700. The two "Sweepstakes" awards that were won in direct competition were for Children and Youth, and Citizenship.

Civic Club sponsors Toy Loan in Sierra Madre, and the Youth Employment Service. A recent addition to their sponsorships is Toy Soldiers, a group of about 30 young girls who volunteer their time to assist the toyarian in the Toy Loan building.

Other areas where Civic Club is active include being in charge of the Mother's March in Sierra Madre, supervising the window painting at Halloween, partici-

pating in the 4th of July Parade, helping to man the Blood Bank, collecting food and clothing for Baja California, and raising funds for community needs.

Members who attended the convention included president Mrs. John Starkey, and Mrs. Gerald DePalma, Mrs. Frank Alfery, Mrs. Douglas Watts, Mrs. Royce Davis, Mrs. Donald Kelly, Mrs. Fred Bauer, Mrs. John Matter, Mrs. William Holcomb, Mrs. James Vine and Mrs. Ashleigh Buchanan.

### 98 Pints of Blood Given On May 6

Sierra Madre young people helped out with the May 6 blood bank, according to Mrs. Marian Adkins, Red Cross youth chairman for Sierra Madre.

Girls called prospective donors during the evenings from the Red Cross office to remind them of the blood bank. These young people included Paula Ready, Valerie Moreno, Christy Michael, Lu Ann Chambers, Cathy Collins and Chris Hartwell. Also helping were Barbara Herron, Kitty Archley, Kathy Williams, Sandee Carnighan, Sue Butler and Kathy Cervenda.

### Two Weeks Ahead of Time

### County Fire Area Closed Due To Lack of Rain

"No Smoking—No Fires" signs have been posted throughout the brush covered areas of Los Angeles County because of increasing high fire danger, County Fire Chief Keith E. Klinger announced this week.

All areas served by the County of Los Angeles Fire Department which are posted are "closed areas" and smoking and open fires of all kinds are prohibited by ordinance.

"Because of the early end of our winter rains, the hillsides are becoming dangerously dry," said Chief Klinger. "The unseasonal hot, dry winds during Easter week quickly reduced the moisture content of the brush."

In areas where the "No Smoking" signs have been posted, smoking is prohibited in cars, on horseback, and in all places except those of habitation and those posted as "safe smoking areas."

Last year's disastrous brush fires burned over 10,000 acres throughout Los Angeles County. More than 50 homes and other buildings were either damaged or destroyed during these fires," said the Chief.

"Every resident and every motorist in our watershed has a responsibility to help prevent fire," Klinger reminded. "On hot, dry, windy days, a tiny spark can turn the hillsides—and the homes—into an inferno."

Rainfall for this year is down considerably from 1967 accounting for the early dry-out.

"Our Castro Peak lookout tower near Malibu has recorded 20.19 inches of rain to date. Last year at this time we had received 32.71 inches," the Chief said.

Our Padua Hills station in the San Gabriel Valley has recorded 14.81 inches of rain to date; last year they had received 35.73 inches at this time," Klinger stated, and added that the Newhall fire headquarters has recorded 14.22 inches compared with last year's to date figure of 25 inches of rainfall.

Chief Klinger especially cautioned new residents in brush areas who may not be familiar with the dan-

gers of a fast-moving brush fire.

### Goals Committee Report To Have Public Airing Soon

At the meeting of the Sierra Madre Planning Commission last Thursday night, the report of the goals committee was presented.

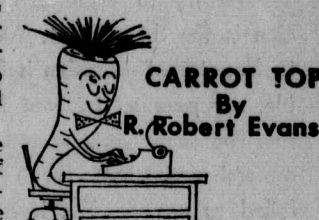

The paper was prepared by a citizen's committee consisting of eight citizens that cover a cross section of the community. The group represented every geographical section of the community and was headed up by Doug Delahooke.

Many of the items covered in the report were controversial and there was not complete unanimity by the members of the committee on all subjects.

This report is to prepare the first step for a revision of the comprehensive master plan for the city and it will be published in full in the Sierra Madre News so that all residents may have a chance to study the report and appear at the first public study session to be held at the next Planning Commission meeting on June 20.

At the scheduled meeting the citizen's committee will be present along with the Planning Commission to hear any public comments or recommendations to be embodied into the report before further work proceeds by other committees, appointed by the commission, to work on all facets of the report.

Speaking of Congratulations . . . Boy, we really congratulate Rudy Hartman, owner of Hartman's Pharmacy on just passing their 59th birthday.

This is, of course, a great honor, having started the business in the year 1909, but a much greater honor is the fact that Hartman's is Sierra Madre's oldest business under one family ownership.

The Sierra Madre News, started in the year 1906, will reach its 63rd birthday on January 1, 1969, but here again it has had over 15 owners in that length of time.

## S.M. Girl In Honor Society

The election of 60 men and women to Phi Beta Kappa, the national scholastic honor society, has been announced by the society's Iota Chapter at the University of California, Riverside.

The number tapped for membership this year is the largest in the four-year history of Iota Chapter and included is a Sierra Madre girl, Julianne W. Tracy, 21, mathematics major, who lives at 126 E. Highland.

It's the uncommon man who uses common sense that makes the world to sit up and take notice.

## Ricard Uhrich Given Honors

Seven students in the University of Southern California School of Engineering received honors at the recent 6th annual engineering student awards banquet on campus.

One of the seven honored was Richard Uhrich of 544 N. Oakdale Drive, graduate student in mechanical engineering. He received the special award from the California Society of Professional Engineers for excellence of performance in the engineer-in-training examination.

Many factors contribute to success—the first step being the will to succeed.

## March Wedding For Noelle Marie Seaman and Craig Ralph Covell

NOELLE MARIE SEAMAN . . . engaged

Mr. and Mrs. Lyle H. Seaman of 525 West Montecito, announce the engagement of their daughter, Noelle Marie, to Mr. Craig Ralph Covell, son of Mr. and Mrs. Ralph D. Covell of 1505 8th Ave., Arcadia.

Born and raised here, Noelle, a business major, will graduate from Pasadena High School this June.

She is the granddaughter of Mrs. Gladys Jackson of this community and the late Dr. E. L. Jackson.

Craig, a graduate of Arcadia High School presently attends PCC as a Police Science major.

The marriage will take place next March 15 at the Church of the Good Shepherd in Arcadia.

## Pasadena High School PTA Pays Highest Tribute To J. R. Snyder

Pasadena High School PTA paid its highest tribute at its annual installation meeting to James R. Snyder, presenting him with an honorary life membership.

Mr. Snyder was selected as the 1968 recipient for his outstanding service to youth "beyond the call of duty as a counselor," Robert Burns, vice principal for business at PHS, presented the award to Mr. Snyder.

For the first time, PHS PTA awarded Community Recognition Awards to five individuals for their services to youth. Mrs. Catherine Hand, retiring administration secretary, was given her award by Arthur Dittberner, principal, for her many years of "devoted and extraordinary" service to the various administrators for whom she worked and for her loyalty to PHS and the students.

Edward P. Essertier was chosen for the added emphasis on constructive news about youth and their achievements, and specifically for his support of the PHS band trip to Dallas and of the school bonds. Mrs. William Baugh, outgoing president of PHS PTA, presented Mr. Essertier's award to him.

H. Warner Griggs was cited by Henry Shaw, retiring first vice president of the PTA, for his many efforts to build a better community and for his active support of the school system and students, particularly the PHS band trip to Dallas and the school bond campaign.

Mrs. Russell Leadabrand was recognized by Mrs. James Jones, outgoing recording secretary of the PTA, for her many years of quiet and hard work in the PTA units in which she served and for her activities in the art field.

Mrs. William Baugh's service to PTA for the past six years and especially for the past year when she has served as president of the Pasadena High School PTA, although she had no children attending that school, was emphasized in the award presented to her by Mrs. Claude H. Brown Jr., honorary life membership chairman.

Contributions made by Pasadena High School PTA to the California Congress of Parents and Teachers honorary life membership fund in the names of its honored recipients will be used to grant scholarships, fellowships, loans and grants to deserving students within the state for study in specified fields, such as teaching and library training.

The honorary life membership committee selecting the 1968 recipients consisted of the above five individuals who presented the awards: Mrs. Brown, chairman, Mrs. Baugh, Mrs. Jones, Henry Shaw and Arthur Dittberner.

## Walter Couchman Elected Moderator Sierra Madre Congregational Church

At the 82nd annual meeting of Sierra Madre Congregational Church last week, Walter L. Couchman was elected Moderator for the year. Walter L. Couchman brings to his new position a wealth of experience as a lay leader, having served on both the Board of Deacons and the Board of Trustees as well as on Stewardship, Social Concerns, Pulpit Supply, and Nominating Committees, in several instances as chairman.

A graduate of USC College of Engineering, Mr. Couchman is employed as a Civil Engineer with the City of Los Angeles Board of Public Works. He and his wife, Anna Bly, reside in this community with their three children, Nancy and Scott, who are college students, and Carole, an eighth grader. Walter Couchman has served seven years on the Sierra Madre Planning Commission and was chairman for the year 1967-68. He was also a member of the Sierra Madre Goal Committee. In addition, he is District vice chairman of Camp Fire Girls and of Boy Scouts.

In his professional field, Mr. Couchman is a member of the American Society of Civil Engineers, American Public Works Association, Institute of Transportation and Traffic Engineers, Engineering and Architectural Association, and City and County Engineers Association.

Other officers of the Sierra Madre Congregational Church elected to serve with

Garden Club To Elect Hastings Ranch Garden Club will meet May 28, at the home of Mrs. Daniel Bernt. Mrs. Bernt will be assisted by co-hostess, Mrs. Bill Dresser. New officers for the fall season will be elected. Following the business meeting, members will enjoy a flower arrangement demonstration by a local merchant.

## Letters To the Editor . . .

Dear Editor:

The following is a copy of a letter sent by Inglewood High School to Marcus A. Woodward.

Mr. Marcus A. Woodward 99 E. Suffolk Ave. Sierar Madre Calif. Dear Mr. Woodward:

Each year Inglewood High School presents an award to an outstanding graduate who has been recognized as successful in his particular field of endeavor and who has contributed a great deal to his fellow men. The Sentinel Hall of Fame Award was made in 1966 to Judge Newcomb Condee and last year to Mr. Charles Gathrop, an educator.

You have been selected as the awardee for 1968. The selection was made by a committee composed of teachers, administrators and alumni. I would like to re-

quest that you accept this award which will be made at our Annual Awards Assembly, Friday, June 7, 1:30 p.m., in the gymnasium.

Attached is a biographical questionnaire. If you are willing to accept the award, will you please complete the questionnaire and return it to me as soon as possible. The reason for the hurry is that we would like to include this information in our printed program. This is a very high honor and we certainly hope that you will accept it.

Sincerely,  
James C. Harrison,  
Principal  
Inglewood High School

EDITOR'S NOTE: Congratulations, Marcus, we don't know of a better selection that Inglewood High could have made.

meet again and canvass the votes, but this was too much for him and on Saturday, April 13 was rushed to the hospital. Since that day he was only able to be up and out a couple of days. In closing, again, we thank God that he allowed this man to see and fully understand the outcome of the Quo Warranto Proceedings; he was deeply concerned as to the righteousness of this act, to which he was a party on June 20. Services will be held at the Church of Jesus Christ of Latter Day Saints, East Pasadena Ward, at 770 N. Sierra Madre Villa, Friday, at high noon. The family has requested that in lieu of flowers that a donation be sent in the name of Severin L. Sorensen, to the East Pasadena Ward Building Fund also located at 770 N. Sierra Madre Villa. Interment will be in Rose Hills Cemetery.

The GI's listen to six newly installed high power radio stations of Armed Forces Radio. These stations, scattered throughout Vietnam, program popular music, entertainment and news similar to commercial broadcasting stations in this country. These stations have created a demand among our fighting men there for battery operated portable radios.

Radios can be mailed to KABC Radio, 3321 South La Cienega Blvd., Los Angeles 90016, if it is not convenient for a donor to deliver a radio personally.

## As Ives Sees It

A UNIQUE COLUMN . . . Take a look at the Los Angeles Lakers prospects for the coming year. That may not be a unique approach, but stick with us to the end of this epistle and you may agree.

The Lakers had an excellent shot at winning the world series of basketball but Bill Russell and flying Celtics had different ideas. The final record read: Boston 4, Los Angeles 2.

Darrall Imhoff, veteran center had this to say: "We let them off the hook. We had that first game in Boston in the bag and let it get away. (Final score Boston 107, L.A. 101). If we win the first one, we would have gone through the Celtics like a large dose of salts."

The Lakers had the momentum of winning two quick series from Chicago and San Francisco while the Bostonians were worn out from their torrid seven game blast with Philly.

QUOTE ELGIN BAYLOR: "The one that really hurt was the overtime thing in Boston. After we came back at the twice we should have won it."

In essence the Lakers felt they were a superior team and should have won it all. The feeling should boil over into the 1968-69 season.

O.K. How long can Elgin Baylor continue to be Elgin Baylor? Can Jerry West keep hitting the hoop at a 26 point per game clip? Will Bill Hewitt provide depth and defense at the forward spot? Will there be a sleeper in the college draft?

No way of answering these questions in advance except to point out the obvious facts.

(1) Elgin showed no signs of slowing up during the past campaign despite his 33 years. He tallied 2002 points to finish in the runner up role to Dave Bing. His 26 point per game average was only a couple of notches below his 28.4 lifetime average. The man is amazing.

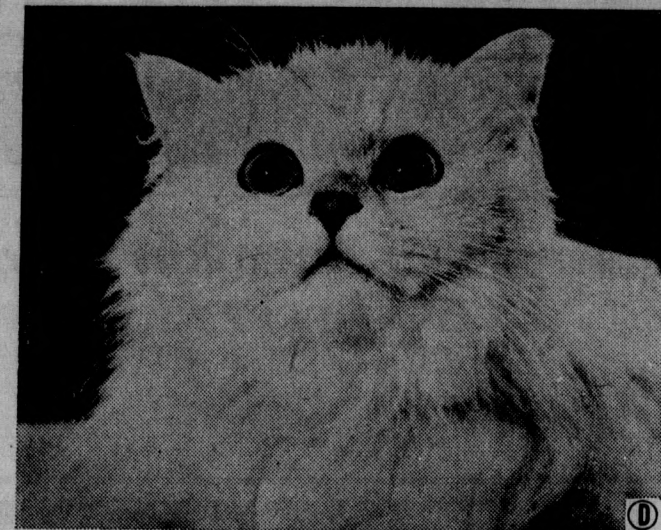

(2) Jerry West is improving with age. West and Baylor still present the most exciting one-two tandem in the game.

(3) Billy Hewitt is a 6-7 jumper, an excellent defensive player and a fine shot. He should complement the Baylor - Hawkins - Mueller front line.

(4) The Lakers feel they picked up a solid prospect deep, deep down in the southern college ranks in . . .

## THE "FAT-CAT" FRAUD

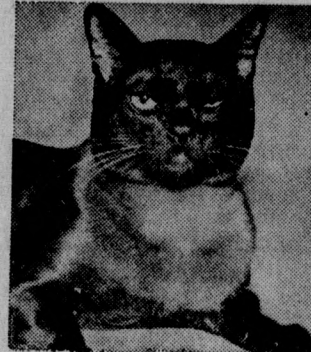

NEW YORK (SED) — No one knows who first used the expression "fat-cat," but the originator of the phrase either had no eye for felines or no feeling for the truth. He might have said, instead, "obese-Maltese" or even "pudgy-budgie," but cats, of all God's creatures, are the last to go to land.

If left to follow instinct, the feline is usually a model eater, taking in exactly what fills his stomach and seldom a mouthful more, according to Dr. James E. Corbin, who supervises more than 500 cats at the Purina Pet Care Center. With naught but love in heart, however, cat-keepers keep corrupting kittens.

"We feed our pets exactly what we eat ourselves," is what they say — completely unaware that what they've just proclaimed with pride may really be a death decree for both the species. The ulcer, heart-attack and overweight statistics serve to show that so-called *Homo Sapiens* is less than bright about his own requirements. In any case, a cat's requirements are not at all the same as ours.

Before he ever feeds his kitten, the neophyte should find himself a soup-spoon and fix its bowl-size firmly in his mind.

A kitten's stomach has just about the same capacity. Even in adulthood, his stomach won't be bigger than the average orange.

## Letters To the Editor . . .

Dear Editor: The two upcoming conventions should be consolidated into one as both parties are dipping into the same barrel of chaff.

Kennedy, Nixon, Humphrey, Rockefeller, Reagan, the Texas "Man-Child" — it doesn't matter which party chooses who for what as they all think alike anyway.

Take the last presidential election for instance. The Republicans furnished the platform and the Democrats furnished the President. You just can't hardly get much more "togetherness" than that.

In the November election

there will still be only TWO parties. The "AGAINST WALLACE PARTY" which includes the political opportunists mentioned above

more need of milk than any other mammal, and many will refuse it. Those who largely live on milk — for lack of other food — will show anemia symptoms from an iron insufficiency. And even in a small amount, milk is often diarrhetic. Feeding uncooked fish is asking for a visit to the vet. Fish too often harbors tapeworm in its larval form. Most fish contain an anti-vitamin enzyme — thiaminase. Because of trichinosis, all raw pork must also be forbidden. Even cooked, pork is an overfat food for cats.

The only fool-proof use of absolutes in connection with cat feeding is a line like, "No cat will always eat all the right items." And that's assuming that all owners will always have the time and energy and expertise to offer daily balanced diets.

Happily, some fool-proof formulae have been devised for cats. Along with water, a product like Purina Cat Chow will supply a cat's complete requirements. Or, for those cats (or owners) who prefer variety, Purina has a different variety of canned cat food for each day of the week, prominently numbered from 1 to 7.

In addition to mis-feeding and over-feeding, there are those who err by under-feeding. A "working" cat assigned to store or barn or basement is supposed to eke out saucers of milk with whatever he can lay his claws on. The assumption here is that a well-fed cat will laze around and lose incentive.

The fact is that a healthy (i.e.; well-fed) cat will hunt with far more vigor. A "mouser" or, for that matter, that "bad" bird-chaser down the block, hunts in just the spirit in which humans stalk the fearsome rabbit and ferocious quail. The only difference is that when we do it, we call it sport. (C)

**HOW ABOUT MAKING THIS A BONUS SAVINGS YEAR????**  
with a 5.25% Bonus Certificate Account!!!!

There are all kinds of places to invest and save your money . . . to build toward financial security. You've probably heard of most of them . . . from piggy banks to Swiss banks, from mattresses to government bonds. Some offer safety and security of funds, others do not. And you've probably found it difficult to obtain safety and high earnings in one package. Difficult, yes, but not impossible. For example, have you seriously considered the bonus certificate approach to savings? As obtainable at Altadena Federal Savings, this type of account earns the current annual passbook rate of 5%, plus a 1/4% bonus when savings are held a minimum of three years. This is the highest current annual rate available in the nation on insured savings.

Saving via Bonus Certificates is simple. You can convert your regular savings or other liquid assets into certificates in the minimum of \$1,000 each or any multiple thereof. Immediately, upon conversion, your certificates begin building toward the 5.25% which is paid on all bonus accounts held three years. And do not forget your funds receive the full insurance protection of a permanent agency of the United States government to the amount of \$15,000. This is in addition to the management integrity of a Federally Chartered association which has been successfully serving this community since 1934.

To keep the Youth Employment Service in Operation in Sierra Madre. The State has cut back all operating funds for this office which has done a tremendous job for Sierra Madre Youths in the field of employment. The first year they placed 461 young adults in jobs for the summer months. Last year they assisted 735 youths in finding part-time work. We cannot afford to lose this service to our youth. Members of the Sierra Madre Civic Club, sponsors of the Youth Employment Service, have solicited from its members volunteer working time to keep the office open two days a week, but money is needed for supplies, telephone and other incidentals. 500 people are urgently needed to donate \$1 each to this worthy, necessary cause, so that this office can keep open during June, July and August. ## Power Sewing Classes Offered

The Community Adult Training Center is offering a course in power sewing at 338 E. Orange Grove Blvd. (corner of Garfield and Orange Grove) in Pasadena. The classes meet from 9 a.m. to noon and 1 p.m. to 4 p.m. Monday through Friday. The teacher is Mrs. Frances Hollier who teaches power sewing on single needle and special needle machines.

This course is geared to factory and production work, and there is job placement at the end of the six week course.

Registration takes place in the classroom, and there is no charge. For further information call Mrs. Hollier at 684-0213 during daytime hours.

## FROM THE Fire Side

Now that the vacation season is almost upon us the volunteers are signing out on the fire department calendar for the weeks they will be out of town. Some of them are going to cover a lot of territory.

Lee Graves says he and Anne are going back to Arkansas for a visit. You know I had an idea that was Lee's native area, but he denies it. I had it on good authority that he never saw a pair of shoes till he got in the fire department. And when he first put them on he didn't move for two days because he thought he was anchored. I still say he looks and acts like an old hill billy. And if you notice his left leg is two inches shorter than his right one. Just as if he was raised on the south side of the mountain and always walked counter-clockwise.

Joe Grippi says he's going out in the middle of the desert. He claims this is the only spot he can stay dry for a few days. It seems like every time he turns around Buchan hits him with a hose. He must be getting close to his saturation point now as he looks like he's waterlogged.

Len Hall says he doesn't think he'll go back to Canada this year. He heard the breweries were on strike up there and he doesn't want to waste a perfectly good vacation.

Mike Tyler was going to take a vacation too, but now he can't tell when it will start or stop. The only way he can tell he's on vacation is that he's in a different bed.

## Letters to The Editor . . .

Dear Editor:

Now, after a calm has settled over America, a closer look at the life of Martin Luther King is in order. Since many chose to compare him with Christ, we shall do the same.

1. Christ met only once with government officials and then as a prisoner who had broken no laws of the state. Yet, the state, with popular support, condemned Him to death.

2. He calmed troubled waters; He did not stir them up.

3. He called upon us to leave to the government government's responsibilities, and to God what was due God.

4. He didn't attempt to change the form of the existing government, but sought rather to reform the individual.

5. His associates among government officials left the government positions to follow Him.

6. The evil around Him gave up their ways, and those who didn't, such as the money changers, were removed.

7. There were no mass demonstrations or riots because of His death. His followers did not loot and pillage.

He taught that those who worked should be rewarded and those who wasted should be punished.

Our job now is not to judge whether or not those who compared Martin Luther King with Christ were blasphemous, when they put them on the same plane. Rather, our job is to, as Christ would have us, "forgive them, for they know not what they do." . . . I hope.

Yours truly,  
—Richard E. Woodin.

Seems as if I am always getting myself into a huge king-sized trauma anymore. Don't know if it is just my age and I am not as able to cope or if I am just not keeping up with the times. My newest "injury to the body or mind caused by shock, violence, etc." is caused by the couturiers emphasis on the small waist-line for the coming season.

To me this is a sneaky approach to the whole style world. For the past few years they have let us comfortably sag under sack dresses with nary a thought given to mi-lady's mid-section. Mid-section indeed! Somewhere along the line mine just turned up missing. I am quite sure that somewhere down there underneath those folds of muscle and flab the correct bone structure still remains but it is going to be like a major overhaul to unearth those bones.

Got myself into one of those simple little dirdles the other day with much heaving and heavy breathing. The waist-band kind of nestle in and was lost among the flaps on either side of my equator. Matter of fact I was so rearranged that I took on the appearance of an over-inflated balloon.

This business of being young and darling all my life is making an old woman out of me worrying, which does not one whit of good. I am still bereft of one small waist-line and a rapidly decreasing neck. Well, I might just as well quit crying and get back to my barbells. A-one-a, two-a, three! —

Merle and Jean Long of Brambling Lane are having a hard time settling down again after their ten day trip to (pardon the expression) Florida. Mr. Long had to go down to attend some executive training school classes and they were able to extend the trip to make it a vacation as well. The classes were held in a pri-

vate yacht club in the Keys. Upon their return trip they stopped over for one day at Miami Beach and then on to New Orleans for a couple of days.

Also home from a short trip is Mrs. Roy Hoffman. She went up to San Francisco with Mrs. S. C. Baumgart, the first vice president of the Eugene Field School PTA to attend the PTA Convention. Mrs. Hoffman was serving as an alternate for the new president, Mrs. Lucille Craig. There were over 4000 PTA members attending and Mrs. Hoffman came back more convinced than ever of the important part that parents must play in their children's scholastic endeavors. After a first-hand view of the Haight Ashbury section and the lurid publications that are sold on the streets she is understandably alarmed by the trend and the insecurities that have caused this break through with the young people. It is a problem that won't go away without a lot of constructive help from well advised parents.

Upon her return she was hostess along with her daughter Suzanne for a mother-daughter campfire tea for the Red Vested Blue Birds. Mrs. Hoffman is the leader of the group and is assisted by Mrs. Bob Heron. She evolved a darling idea and both the mothers and daughters had equally delightful times. She had provided crepe paper, pins, and scissors for each mother and they were directed to design a dress for their daughters. It was amazing how creative the finished products turned out and you can imagine the fun they had in the execution of their designs. Those able to attend were Colene and her mother, Mrs. Kenneth Craig, Margie Ann and Mrs. Bruce Crane, Tina and Mrs. Bob Heron, Laura and Mrs. Larry Woodson, Karinn and Mrs. David Kelly, Mary and Mrs. John Kirkland, Leslie

We have a tendency in this great land of ours to take things for granted. Many of us haven't the remotest idea of how the other half lives. One of the contributing factors that makes America great is freedom. Unlike so many countries, we can move about as we choose. One of those freedoms is Freedom of Worship, the right to worship as we please. Scores of churches are as easy to reach as stepping on an RTD bus. This makes excuses for staying at home as hard to come by as free tickets to the Music Center. Send for a free map of the bus line serving the church, parish, or synagogue of your choice.

The 30th of this month is another of those one-day holidays. Just the time for a one-day vacation trip. The 53 line from Los Angeles to Pomona is an interesting trip, to say the least. It goes out Mission and Valley Boulevard to El Monte, and then through La Puente, Walnut and Spadra to Pomona. The scenery from La Puente to Pomona is beautiful, giving you a view of nature before the bulldozer took its toll. The trip, one way, takes about an hour and 35 minutes. While in Pomona, visit the new Mall with its shops and stores, have lunch, and return later in the day. The 53 line starts at the RTD station, 6th and Los Angeles, then travels north on Spring Street. Send for a map and plan a do-it-yourself one-day trip.

Hollywood Park continues to provide the ultimate in horse racing, and RTD continues to provide the ultimate in bus service to the Park. Indirectly, RTD becomes a recognized deterrent of automobile accidents. By using the bus, racing fans can devote all their attention to the scratch sheet. In addition to this solid contribution, the RTD provides a mobil retreat for members of the "IF" Club (If I had bet on No. 3 in the 7th race). Send for RTD's informative Hollywood Park folder today.

Q. How do I get to downtown Los Angeles from my home in Arcadia? I live between Valley and Live Oak near Tyler Avenue. Mrs. L.C.B.

A. Your closest bus to Los Angeles is the 52 line running on Live Oak. I'll send you a map and timetable.

Q. We intend to make several trips to General Hospital from La Puente. Please tell us how and send timetables. R.E.R.

A. The 53 line through La Puente on Valley will go past General on Mission. Should you need to go into the hospital area, get off at Zonal and change to the 50 line.

Q. This is a real nice service to all. Could you tell me if there is a bus service to Yucca Valley from El Monte? Mrs. L.G.

A. Greyhound has a bus from El Monte at 9:33 a.m., and you change at Banning.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

# COMMUNITY HOSPITAL

Frank Compton, living at 15 E. Mira Monte Ave., has returned to his home following an eight-day stay in Sierra Madre Community Hospital.

Making a short stay in Sierra Madre Community Hospital during the past week was Mrs. Lovenia Penland, whose home is at 46 E. Laurel Ave.

Lori Hunsicker, nine-year-old daughter of Robert Hunsicker who lives at 331 E. San Gabriel Court, spent some time in Sierra Madre Community Hospital last week. She had suffered a badly fractured wrist in a fall while roller skating.

Mr. and Mrs. Robert Wells, who recently moved to San Diego, made a fast drive back to Sierra Madre last week for the delivery of their son at Sierra Madre Community Hospital. Because he arrived prematurely, he will be looking at the world through "the rose colored" windows of his isotope for an indefinite time.

Mr. and Mrs. William Capps of 4116 N. Peck Road, El Monte, have named their second daughter Rashelle Dawn. She was delivered at Sierra Madre Community Hospital on Friday, May 10, weighing 7 pounds, 5 1/2 ounces. The Capps' other children are Steven Eugene and Rhonda Leah.

Mark Cisllo, the 7-year-old son of Mrs. Mary Cisllo, living at 481 Woodland Drive, underwent a tonsillectomy at Sierra Madre Community Hospital last Friday. He returned home the following day.

Arriving by Caesarean section on Friday, May 17 at Sierra Madre Community Hospital was dainty Mary Delette, daughter of Mr. and Mrs. William Hable. Her weight was recorded as 7 pounds, 13 ounces. At home at 31 S. Greenwood Street in Pasadena the Hables have a son, William Francis.

The Sierra Madre Rose Float Association headed by new general chairman, Ross Tyree of 595 N. Hermosa, will hold a general meeting at 8 p.m. tomorrow night, May 24 at the home of Malcolm Birch, 91 E. Bonita. At this meeting, the theme for our float will be picked, so you-all out there — you still have until noon today, May 23, to think up a theme and turn it in. Who knows, you may win the "pick a theme" contest. All members present at the meeting will pick a theme from the entries received. Anyone interested in joining the Association is invited to do so — for the small fee of \$1. Should be fun, as the group is planning a "big year."

and Mrs. Leonard Wheeler, Sara and Mrs. Claron Oakley, and Kim and Mrs. Ray Taylor.

All of the girls are looking forward to the fall when they, along with their leader, will fly-up and become Camp Fire girls.

The Randolph Kroenert home on Kinclair Drive was the scene of the annual brunch for the new members of the Arcadians.

Mrs. Kroenert is the membership chairman this year and had the pleasure of welcoming the ten new members into the club. The 15 board members prepared the luncheon for all of the 55 guests that were able to attend.

From all reports the Las Sequitas luncheon last week was a complete success and well attended.

Mrs. Charles Hardison took a group from the hill as her guests. Included were Mrs. Henry Smith, Mrs. Jim Smith, and Mrs. Robert Mueller.

Palm Springs lured several of our hillites down for a fling before summer vacation.

The Charles Hardisons had to go down on business but while there they got together with the Dom Gregorios, the Allan Stearns, and the Bob Measons. The three couples were down to make arrangements for the annual golf outing next fall. Also on hand at the springs were Bob and Melba Hansen. They went down on an insurance meeting and met John and Mary Chapman down there.

Remember—Today is the day of the Rosemary Cottage Luncheon and Boutique. Hope to see you there.

## 3 From S.M. Win Graduate Fellowships

Three Sierra Madreans were among the winners of State Graduate Fellows selected by the California State Scholarship and Loan Commission. They are: Philip E. Cassidy of 672 Brookside Lane, CTT; Juillianne W. Tracy, of 126 E. Highland, UC Riverside and UC Berkeley; and Eric B. Workman of 390 Toyon Road, USC.

In this biennial Graduate Fellowship Program, there are 850 fellowships available to a maximum of tuition and fees for the academic year 1968-69 at the graduate schools selected by the fellowship winners. Fellowships are awarded to academically able students who are in need of financial assistance at the graduate school they will attend.

Although most of the fellowship winners are being selected at this time, there still remains a list of alternates composed of fully qualified candidates whose qualifications although outstanding are just below those of the initial award winners. As vacancies develop in the program, these students will be selected as additional winners.

If you have questions concerning the program or wish additional information, please feel free to call upon the Commission offices in Sacramento.

## Neighbors

Although Philip Cassidy's children are a little young yet — Sean (21 months) and Edward (6 months) — to appreciate Dad's scholastic abilities, everyone else, including wife Cathy, is proud of Philip. He also was among those graduate students selected by the California State Scholarship and Loan Commission as winners of State Graduate Fellows. Philip is working on his PhD in aeronautical engineering at Cal Tech.

Our best wishes for a speedy recovery to 19 year old Frank Compton, son of Charles Compton, who is confined to the Sierra Madre Community Hospital with a form of hepatitis. Hope you're up and about soon, Frank!

# The election is electric.

It wasn't too many years ago that candidates for public office were actually seen and heard by only a small percentage of the voters.

The electric revolution has changed all that. Television puts the candidates right in your living room. Radio lets them talk to you even as you drive to work. Electric

teleprinters and high speed presses bring you the complete text of speeches and announcements just hours after they're released.

Electronic data processing has made possible up to the minute opinion polls.

In many areas, new electric voting machines are now in use. Election returns come in faster,

and just as accurately as ever.

If you enjoy the national sport of campaign and election watching, you'll be able to follow it all on TV for just pennies. So little, in fact, you don't even think about it.

Only electricity can do so much for so little.

## 'Toy Soldiers' Asked To Serve June 8

The Toy Soldiers met May 18 in the Park House at Memorial Park from 7 to 8 p.m.

The first order of business was making out a work schedule for girls at the Toy Loan Center.

For the third year in a row, the girls have been invited to serve at the Kiwanis Breakfast on June 8. Their group, the Toy Soldiers, is the only service group asked to help. Needless to say, they are honored and are looking forward to serving.

The Toy Loan Honor Roll party will be on Monday, June 10 in the Sierra Mesa cafeteria and will start promptly at 7 p.m. Mrs. Jane Holcomb, Toy Loan chairman for the Civic Club was present to help plan, with the girls, what the entertainment will be for the party.

In the plaudits department, Mrs. Pat Starkey, president of the Civic Club, attended the meeting especially to thank the Toy Soldiers for the help they gave at the Civic Club Tea on May 1. The girls were tremendously pleased — and rightly so — when Mrs. Starkey revealed she had received 36 letters, from ladies who had attended the tea, congratulating the girls on the fine job they did.

After the business of the meeting was over, Mrs. Gretchen Kelly, Toy Soldier chairman for the Civic Club, served refreshments.

Toy Loan Center will have new hours beginning Tuesday, June 18. New hours will be TUESDAYS and THURSDAYS from 10 a.m. to 1 p.m. The Toy Loan will be open these hours until school opens in September.

## Sierra Madre PTA Carnival

Sierra Madre PTA will sponsor its annual carnival on Saturday, May 25, with events scheduled from 10 a.m. to 4 p.m. on the Sierra Mesa School playground.

"Fun, fun, fun... This is what we are planning for our young ones as well as ourselves," says Mrs. Jack V. (Pam) Nelson, general chairman. There will be games and lots of prizes, snow cones, candied apples, confetti eggs presented by Girl Scouts and Camp Fire Girls. And Boy Scouts and Cub Scout groups will be on hand making their delicious hot dogs and hamburgers.

Look for the wonderful special treasures to be found at the while elephant sale. Take home delicious pies, cakes or cookies from the bakery sale. Other bargains will be found in the form of plants, books and jewelry.

The only tip on the races that amounts to anything is advice not to bet on the ponies.

## 'June In Bloom' Is Theme Of Auxiliary Group's June 3 Luncheon

Mrs. Richard H. Wagner will replace Mrs. Howard W. Owen, outgoing president of Huntington Memorial Clinic Auxiliary, at the installation of officers to be held during the group's annual Spring Luncheon, June 3 in the Georgian Room of the Huntington Sheraton Hotel.

The event, whose theme is "June in Bloom," will also honor members of the Huntington Hospital's medical staff who have donated services to the clinic; hospital administrators; the press; honorary board members and friends in the community.

With the presentation of the new officers for the coming year, there will also be the announcement of a new project. During the past 34 years, the Huntington Memorial Clinic Auxiliary has inaugurated many new projects which have been of great service to our community. In 1934 the Humor Clinic was established to serve doctors who felt a great need for the diagnosis of cancer. With such strides being made throughout the past years in education and research, the existing facilities have fulfilled their original purpose, and with the plans for expansion at Huntington Memorial Hospital, HMCA is now prepared to assume another new project in correlating the respiratory disease program established between the Huntington Hospital and La Vina Hospital.

The Auxiliary's volunteers help and financial support have assisted the programs of the American Cancer Society, Planned Parenthood, Homemakers Service, Visiting Nurses, in addition to assisting with the staffing of the Huntington Memorial Hospital Patient Shop and extensive patient care financial assistance.

Now comes the exciting new project of assuming additional duties at La Vina Hospital with the new intensive care unit planned for ground-breaking momentarily. The new clinic staff, headed by Mrs. John Clemens and Mrs. John L. Donovan, will be coordinating volunteer services at La Vina and Huntington Hospitals.

Serving as executive officers with the new president, Mrs. Richard H. Wagner, will be Mrs. Bernard Hammerbeck, Mrs. Austin West-

### First Methodist Church, Whittier Setting For Noyes-Girod Wedding

MRS. EDWIN EARL GIROD  
... Nee Patricia Sue Noyes

Candles laced with ivy and baby breath lined the aisle and chancel of the First Methodist Church of Whittier for the wedding ceremony of Miss Patricia Sue Noyes and Edwin Earl Girod. Uniting them in marriage was Dr. Robert Schaper of Fuller Theological Seminary.

Miss Noyes wore a floor length gown of silk linen and alencon lace, carrying a crescent bouquet of white gardenias and ivy. Her illusion veil was secured by a cluster of lace petals, crystals and seed pearls.

Mrs. Noyes, mother of the bride, wore a deep pink silk linen dress with jeweled collar jacket, while Mrs. Girod, mother of the bridegroom, wore a silk linen suit in mint green.

Attending the bride as maid to honor was her sister, Julie Noyes. The bridesmaids were Mrs. Sharon Bartel, sister of the bridegroom, Mrs. Jill Girod, sister-in-law of the bridegroom, Mrs. Linda Segawa, and Miss Jeanne Jackson. The attendants wore floor length gowns of pink silk linen and matching petal headpieces, carrying long-stemmed pink roses with fern and streamers of moss green velvet.

Standing as best man was the bridegroom's twin brother, Erwin Girod. The ushers were Russell Noyes Jr., brother of the bride, William Bartel, brother-in-law of the bridegroom, Paul Lin-gren, Jim Gustafson, Tom Carlson and Don Smith.

Preceding the ceremony, Mrs. Sharon McCloskey sang "The Wedding Song." As a wedding prayer she offered "The King of Love My Shepherd Is."

The bride and bridegroom received their guests at a reception given by the parents of the bride in the Wesley Lounge at the church. Registering the guests were Mrs. Viana Turner and Miss Eileen Nawa.

The new Mrs. Girod, daughter of Mr. and Mrs. Russell M. Noyes of Norwalk, is a graduate of Santa Fe High School and Whittier College. Mrs. Girod is now a third grade teacher at Rio Vista School in Pico Rivera.

Mr. Girod, son of Mr. and Mrs. Dudley L. Girod of Eagle Rock, graduated from Eagle Rock High School and California State College at Los Angeles. He is currently a student at Fuller Theological Seminary, while serving part-time on the pastoral staff of Bethany Church of Sierra Madre.

Following a wedding trip to Santa Barbara, Mr. and Mrs. Girod returned to make their home in Pasadena.

### 3 Memorial Day Services Scheduled By Rose Hills

Four separate services in observance of Memorial Day have been scheduled again this year at Rose Hills Memorial Park in Whittier, according to R. L. McNitt, Jr., president.

Three of the services, the 48th annual community observance, the Japanese veterans' program and the traditional Buddhist memorial rite will be held on Memorial Day. The fourth, a special ceremony conducted by the Alhambra, Monterey Park and Montebello De Molay chapters, will be held earlier.

The De Molay ceremony will be held Saturday, May 25, beginning at 3 p.m. at Sky Church.

Prior to the church ceremony, the De Molays and their mothers will gather at the Masonic Memorial to place a floral wreath and then will decorate the graves of former members and advisors.

The community observance program will begin at 11 a.m., Thursday, May 30, at Hillside Church and will feature an address by Lt. Col. James H. Fiser, Post Chaplain at Fort MacArthur in nearby San Pedro.

More than 20 veterans, patriotic and fraternal organizations will participate in the program, according to J. Vincent Walker, past commander of Whittier American Legion Post No. 51 and chairman of the program.

Also appearing will be the award-winning, 50-voice Montebello High School A Cappella Choir, directed by Kenneth L. Cook and accompanied by Mrs. Eleanor Wahrman. The choir will sing six selections, including their famed rendition of the stirring "Battle Hymn of the Republic."

Following the church ceremony, officers of the participating organizations will place floral wreaths at the Monument to the Unknown Dead in the nearby Memorial Court of Honor.

Earlier Memorial Day morning, the two Japanese programs will be held.

The East Los Angeles Nisei Memorial Post 9902 of the Veterans of Foreign Wars will conduct a memorial service beginning at 9 a.m. near the Lake of the Roses in the Japanese Garden section of the park.

The program will be under the chairmanship of

past commander Min Sumida and will feature an address by Edward C. Farnell, a public relations executive and currently the president of the Long Beach Shrine Club. His topic will be "A Tribute to Our Comrades."

Other participants on the program will include the U.S. Marine Corps color guard, firing squad and drum and bugle team; Rev. David K. Unoura, pastor of the Montebello Plymouth Congregational Church; Post Commander Frank Watanabe; Rev. Taisen Miyata, of the Los Angeles Buddhist Federation and members of Boy Scout Troop 364.

Following the veterans' program at 10 a.m., priests of the Los Angeles Buddhist Federation will conduct a religious memorial ceremony in the Japanese Garden section.

All of the programs are open to the public.

The entrances at Rose Hills will remain open from 6 a.m. to sunset on Memorial Day to accommodate the thousands of visitors expected to visit the park.

Special free bus service to the park from downtown Whittier has been arranged and information on schedules may be obtained by writing or telephoning Rose Hills.

### Letters to The Editor ...

Dear Editor:

The members of the Sierra Madre Chapter of the American Cancer Society would like to extend their appreciation to you for the fine coverage we encountered during our latest fund raising drive. ### Sen. Richardson Introduces Bill On Moral Instruction

Senator H. L. "Bill" Richardson (R-19) Arcadia, this week announced his introduction of Senate Resolution 202 relating to moral instruction in public schools.

Richardson said, "The Constitution of the State of California provides that the Legislature is to encourage by all suitable means the promotion of moral improvement. Our State Education Code also requires teachers to impress upon the minds of students the principles of morality, truth and justice. We have certainly seen a lot of just the opposite in the past few years, with the caliber of smutty plays performed on campuses in California, agitation for legalization of marijuana, sexy exhibits of sculpture, and students as well as teachers participating in campus riots, all of which have brought discredit to our educational institutions."

Deeply disturbed by California taxpayers' concern over what is going on all over California on tax-supporter campuses, the members of the Senate of California join in this Resolution which recognizes responsibility to promote moral improvement through the public school system. By this Resolution, they direct the State Board of Education to "develop, adopt, and encourage the implementation of guidelines, based upon the principles of morality embodied in the law of this state and the United

States regarding activities, attitudes, and omissions of acts declared to be unlawful or contrary to public policy, to be utilized in the various and separate courses of instruction in all levels of the public school system."

"We have to make a start somewhere," Richardson, a member of the Senate Committee on Education, said. "We are now on a collision course with total breakdown of moral values. It is a major problem, and if school administrators and teachers will not take the responsibility to promote moral improvement, then the Legislature must do it."

Might never makes right, but at the start it appears to make good.

Fault-finding is easy — cultivate the habit of seeing the good in people.

### CONSTANT COMPANIONS

Copyright 1968 Keister  
Advertising Service, Inc.,  
Strasburg, Va.

"Those three are always together," remarked Lisa's mother. She was referring to her little daughter, who is seldom seen without her beloved collie, and her well-worn rag doll. They are constant companions.

"Lisa is very sensitive about friends," her mother continued. "And this week she came home from Sunday School with a very important lesson. Her teacher told her about God's love, and how He never leaves us. Lisa came skipping into the house and announced, 'Now I have three good friends, and the best one of all is Jesus.'"

Little Lisa had indeed learned a wonderful truth. All of us need to discover it for our own lives. For every life needs the companionship of God. Let your church bring this hope and promise to you.

choose an Omega...  
 and you may never need another watch for the rest of your life

The purchase of a fine watch . . . for yourself or as a gift . . . requires an important decision. Which brand should you select? Of the more than 500 different brands from which to choose, the watch our experts recommend, above all others, is Omega. From blueprint to final assembly every high-precision Omega movement undergoes 1497 quality-control inspections. To assure peerless accuracy and long life, friction is reduced to the barest minimum by lubricating the movement with the world's most expensive oil . . . costing more than \$2000 per

gallon. Omega superiority has been confirmed by the fact that it holds high observatory honors for accuracy, and has been appointed the official watch of many Olympic games. Doesn't someone in your life . . . or yourself . . . deserve this kind of watch? Choose from our large collection of Omega watches today . . . and you'll be happy with your decision for many tomorrows. Priced from \$65 to \$1000. **Services Held For Dr. Mary Groth**

Services are to be held Wednesday, May 22 at the hour of 11 a.m. for Dr. Mary Groth, age 88 of 25 N. Baldwin Ave., who passed away on May 19 at Pacific Evangelical United Brethren Home in Burbank after a lengthy illness.

Dr. Groth was an Osteopathic Physician in private practice. She came to California 48 years ago from Canada and lived in Sierra Madre for the past 46 plus years.

In passing she leaves an adopted son David E. Groth of Altadena and a brother, Dr. George W. Groth Sr., of San Diego, also nieces and nephews.

Interment was in Live Oak Cemetery, Monrovia. Ripple Mortuary handled all the arrangements and provided the chapel for the services.

Save your pennies and eventually the tax collector will take care of the rest of your change.

**Musical Instrument Concert Staged By PHS Band For May 24, 8:00 P.M.**

The Pasadena High School Instrumental Music Department will present the Pasadena High School Symphonic Orchestra and Concert Band in Edwards Auditorium May 24 at 8 p.m. Doors open at 7:30 p.m.

The "Pride of Pasadena High School" band has had many appearances throughout the area this concert season. The band went to Dallas for the Cotton Bowl parade January 1. At the Music Festival in Pasadena the Concert Band received all superior ratings to keep a perfect record held for five years.

The Symphonic Orchestra has had a busy season also. During Easter vacation the organization performed at the California Music Educators' Association Convention at the Biltmore Hotel, Los Angeles. The orchestra also received all superior ratings at the Music Festival.

Both groups recently returned from their annual tour, playing at Oxnard, San Fernando Valley State College and Santa Barbara.

Among the selections to be performed are the "Suite

Ed Biedenbach of North Carolina State. A little feller at 6-2, but a great defensive player with quick hands. (They called him the Pittsburgh pickpocket.) So, there you are. Who knows what the future will bring. The Lakers are a solid club and should again be a threat. They have to be tired of the bridesmaid label they have been sporting ever since moving to Los Angeles.

Now for the unique part of this column. A word about the American Basketball Association and the Los Angeles Stars. I think the league will make the grade and more specifically the Stars. After all, this is the sports capitol of the world and two professional basketball teams doesn't seem to be an absurd presumption.

The Stars have been able to sign their top draft choices and fellows like Merv Jackson of Utah, Larry Miller of South Carolina and Marshall's George Stone, can play the game and should be future stars. Bill Sharman and Jim Hardy are a pair of go-getters that should hustle this franchise right into the limelight.

As a matter of fact, I'm so sold on the prospects of the new organization that I have departed the Laker scene as publicist and start immediately as director of publicity and public relations for the Stars.

The Lakers are a great bunch and God Bless 'em, I hope they win it all next year. Naturally I wish the same for the Stars.

See, I told you this would be a unique column.

## You and Your Neighbor

by NANCY BRYAN

Principal of Sierra Madre Elementary School, Mrs. Julianna Hawkes was honored April 23, when she was elected president of the Principal's Association at the Association's third dinner meeting of the year held at a local restaurant in South Pasadena. She will be installed on June 20 along with other officers. The Association is made up of principals and assistant principals employed by the Pasadena Unified District. Congratulations, Mrs. Hawkes.

Eleanor and Stuart Cypher, 158 Oak Meadow, just returned home from a week in New York and ten days in Bermuda. Doing all the things a carefree tourist does, they had a marvelous vacation on their pleasure-vacation trip and came back all healthy-looking, tanned and rested and full of enthusiasm for a return trip just as soon as possible. Teenage son, Jim had to stay home this time because of school, but the promise of accompanying his parents back to

Bermuda — sounds like a good song title . . . ? — in the near future has made him very happy. Sounds wonderful doesn't it? Ah, well . . .

The Sierra Madre Elementary School is holding their annual PTA Carnival on Saturday, May 25, from 10 a.m. until 4 p.m. on the grounds of the Sierra Mesa School — (this is because of the cafeteria facilities). The day promises to be fun-filled for all who attend . . . See you there!

More school news . . . Sierra Madre Elementary School PTA will hold their last meeting of the year on May 27 at 7:30 p.m. in the Sierra Mesa School cafeteria. This is a meeting no one should miss; the program planned will be most enjoyable. The Glee Club from Sierra Madre School and the orchestra from the Sierra Mesa will present a fine musical program.

Mrs. William Treder and Mrs. Ray Marlowe will co-host a duo birthday party dinner May 25 honoring Arthur and Lydia Maricq of Sierra Madre. Mr. Maricq's birthday is June 1 while Mrs. Maricq's natal day is June 2. Mr. Treder is Lydia's only nephew and Mrs. Marlowe is Lydia's only niece, other than Mrs. Treder who is a niece by marriage. Scheduled party guests for the dinner which will be held at the Treder home at 260 Rancho Road, include grand niece and nephew, Kerry (11) and Jon (16) Treder, Mr. Ray Marlowe and Lydia's only sister, Mrs. Mary Frenger of Sierra Madre.

Happy birthday to you both and many, many more!

On their way to Carmel, where they spent last week, Easton and Fernie Rhodes of 120 W. Orange Grove drove their daughter, Linda, back to school on Sunday, May 12. Linda attends Cal Poly in San Luis Obispo.

from his mother who had gone north last week to join her husband at Lake Tahoe. The son left Monday night for Sacramento.

Perhaps the most interesting announcement from an entertainment standpoint that has been made in Sierra Madre in many months is the presentation of the cantata, "The Peace Pipe," under the auspices of the League of Youth of the Congregational Church. It will be given in the social hall of the new church next Tuesday, May 29, at 8:15 o'clock.

"The Peace Pipe" is an Indian cantata, the text from Longfellow's "Hiawatha" and Frederick S. Converse. Sung by the combined choruses of the Pasadena Junior College, gayly bedecked in Indian costumes, the quaint and delightful chorus will have a distinct appeal to all that is romantic in young people and grown-ups alike, and a crowded "house" should greet the presentation.

Chief Yowlache of the Yakima tribe, and a famous concert baritone, will take the baritone solo part which is a feature of the cantata. The entire proceeds of the entertainment, except for incidental minor expenses, will be given over to the organ fund of the church, which has already assumed proportions pleasing to the young people who have that feature of the church furnishings in charge.

J. W. Carney arrived on Sunday from Shanghai, China, to visit Mrs. Carney who has been spending the winter at Bella Vista Terrace. Mr. Carney is an executive of the Standard Oil Company in China. He will remain in the U.S. for some time, going East soon to confer with company officials.

Mrs. Jessica H. Wright, pastmaster of Sierra Madre, left Tuesday for Dieth, Nev., where she will spend a month on the ranch with her son, William B. Wright.

Mrs. Ben M. Lyon of 117 N. Auburn Ave. gave an informal party last Saturday afternoon, honoring Miss Tessie Ranahan, who will be married in June to Mr. Laurence McCarron. Each brought a beautiful present which was presented to the bride-to-be. They were opened and admired by all. Later Miss Harriet Marvin told each guest's fortune, much to the delight of the guest. Delicious refreshments were served.

Mr. and Mrs. F. F. Bergstrom of Long Beach have rented the A. L. Phelps cottage, "Fernwood" for a week.

Mr. and Mrs. C. W. Weaver arrived recently from Florida traveling by automobile. They plan on spending the summer months in the canyon and are making extensive alterations on their cottage, "Days Off."

A group of local citizens has recommended to Mayor David Wood that a suitable Certificate of Merit be presented to each member of the Search and Rescue Team in appreciation of its heroic work in our vicinity during the past years.

Mayor Wood has accepted this recommendation enthusiastically, provided a sufficient number of persons sign the lists now on display at Reess Market, Sierra Madre Hardware and Roberts Market. (Do not sign more than one list.) Time for presentation is at 10 a.m. Saturday, June 14, in Memorial Park.

At dawn on his natal day (last Tuesday), Loren Jenkins was awakened by a telephone call from his two little granddaughters caroling: "Happy Birthday (giggle, giggle), dear Grandpa." (Wonder who dialed?)

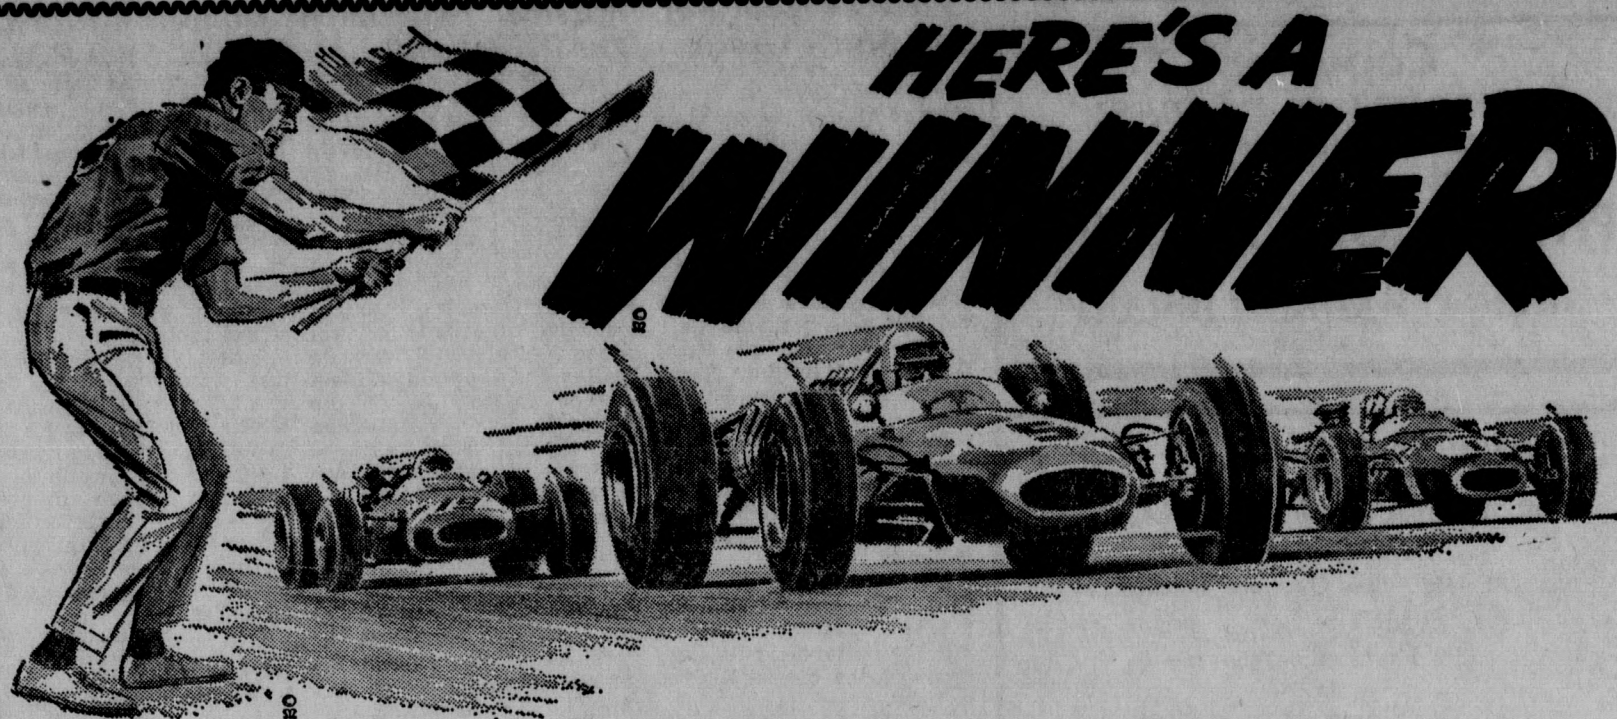

## Senior Citizens Receive Help

Senior citizens who need assistance in filing for property tax reimbursement under the Senior Citizens Property Tax Assistance Law may contact a representative of the Franchise Tax Board at Pasadena Service Center, 85 E. Holly St., Pasadena, on May 22, from 9 a.m. to 4 p.m.

The Senior Citizens Property Tax Assistance Law is a new law which provides for a reimbursement of a portion of the property taxes paid by California residents who are 65 years of age or older, who own and reside in their own homes, who have paid the property taxes for the current year, and who have incomes of \$3,350 or less. Claims may be filed at any time prior to August 31, 1968.

Requests for information or claim forms may also be directed to the nearest office of the Franchise Tax Board, or to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, Calif. Information may be obtained over the telephone by calling the nearest office of the Franchise Tax Board at 381-3381 in Los Angeles.

### Crib Crop

Edward and Bonita "Bonnie" Rambeau of 310 Old Ranch Road are the proud parents of a little girl born May 11 at the Methodist Hospital in Arcadia. Little Nina Lillian weighed 6 pounds 8 ounces, and was 19½ inches long at birth. Congratulations!

Another girl to add to our community population. This little one was born to Mr. and Mrs. Euel Crabtree of 247 N. Mountain Trail Ave. She arrived at the Methodist Hospital in Arcadia on May 8. Sorry to say, but at this time that's all the information we have on the young lady. Best wishes to all, though!

### Mormons Hold Rummage Sale

With visions of a beautifully remodelled and expanded church building in their eyes, the ladies of the Church of Jesus Christ of Latter-Day Saints (Mormon) are filling their garages with bargains to be offered to the public at a benefit rummage sale Saturday, May 18, from 11 a.m. to 3 p.m. The sale will be held in the patio of the church, located at 770 N. Sierra Madre Villa, Pasadena.

Antique silver, appliances, household items, furniture, and a wide assortment of good usable clothing will be offered for sale. Hot dogs, lemonade, and home-made cookies will also be sold during the day. Check-out of items will be handled super-market style, and everyone is invited to stop in and browse.

Mrs. Howard S. Gates is president of the East Pasadena church's Woman's Relief Society, the charitable organization which is sponsoring the fun-raising event. Committee chairmen serving under her are Mrs. R. Richard Vetterli, clothing; Mrs. Ward Hellings, other items, and Mrs. Robert V. Gibson, food. All profits from the sale will benefit the church building fund.

### Tournament House To Open

Tournament House in Wrigley Gardens will be open for public viewing on Sunday, June 2 from 1 until 4 p.m., G. L. Payne, president of the 80th annual Tournament of Roses, announced today, issuing a cordial invitation for all who might enjoy the mansion and its lovely surroundings to be present.

President Payne said, "We like to share with the world the beauty of our parade through films and color TV. By the same token, we would like to share our attractive home — Tournament House in Wrigley gardens — during this traditional spring open house."

Visitors may stroll through the spacious first floor of the former Wrigley mansion and then go upstairs to view the various rooms identified by Tournament names: Rose Bowl Room, Queens' Room, Grand Marshals' Room and the Presidents' Room. The tournament offices adjoining to the rear will also be open for inspection.

The lovely rose gardens will be at their height of beauty on June 2. The welcome mat will be out at Tournament House in Wrigley Gardens to our many friends of the area.

Now is the time for all young beauties to come to the aid of the County and enter the annual Miss Los Angeles County Beauty Pageant. Deadline for applications is set for June 14, according to Supervisor Warren Dorn.

The pageant will be held at Marina del Rey on August 4. To be eligible the contestant must be a resident of Los Angeles County, must never have been married, and must be between 17 and 25 years of age.

Applications may be obtained by calling the County Department of Parks and Recreation, Social and Cultural Section, at 749-6911, extension 553.

### Burt E. Gaskill Services Held

Funeral services for Burt Edward Gaskill, of 515 W. Montecito Ave., were held Wednesday, May 15 at 2 p.m. in the chapel at Ripple Mortuary. The Sierra Madre Masonic Lodge officiated.

Mr. Gaskill, a one time railroad engineer with the Alaska Railroad, passed away May 13 at the Sierra Madre Community Hospital after a lengthy illness.

A member of this community for 28 years, the 83 year old, former Pennsylvanian, was a Life Member of the BPO Elks, Meadville, Pennsylvania Lodge 219 and a Life Member of the Crawford Lodge 234 F. and A.M., also of Meadville, Pennsylvania.

He leaves his wife, Mary H. Gaskill of the home address, to mourn his passing. Committal was private at the Pasadena Mausoleum.

"Of all God's creations man alone has the power to change his destiny. Jesus gave us the key when He said, 'as thou hast believed so be it done unto thee.'"

Children from pre-school through high school are led by dedicated teachers in graded classes after a 15 minute worship service in the sanctuary. High school youths and young adults hold their meetings on the first and third Sunday evenings at 7:30.

Thursdays at 11 a.m. Rev. Stevens conducts a workshop in successful living. All women are warmly welcomed to this study class. hungry soul with goodness." Rev. Anderson says: "The gigantic strides made by science in recent years are amazing and wonderful. Knowledge of our earth and the universe about us has multiplied geometrically. Yet it seems the more man learns about his external environment, and even outer space, the more he senses the vacuum of inner space. The macrocosm of our outer universe has captured his fascination and imagination, but the inner hunger and spiritual loneliness of man keeps reminding him that inner space is the real challenge of our time."

"Pascal, the famous French scientist said that within the heart of each man was a God-shaped vacuum that could be filled only by God himself. Man may try to fill this inner space with many things, but he would always remain hollow and hungry until God was allowed to enter the life and fill this space."

He concludes with: "Do you know how to fulfill the hunger of your heart? Find personal fulfillment through worship this Sunday."

The next blood bank in Sierra Madre will be in November at Sierra Mesa School, the exact date to be announced later.

# Sunday Sermon Announced By Rev. Armin Hesse

On Thursday evening May 23 at 7:30, Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena, will hold a special Ascension Festival Service, commemorating Christ's ascension into Heaven. The youth of the church will present the chancel drama, "Why Stand Ye Gazing," followed by a short pastoral address entitled, "Ascension Implications."

The 7th birthday of the Walther League, the official youth organization of the Lutheran Church—Missouri Synod, will be celebrated with a youth observance service during the 10:30 Sunday morning worship of Faith Lutheran Church.

Mr. Donald G. Hingst, director of education and youth, will officially install the new officers of the youth. The officers of the J-Y's (Junior High Youth) will be: Tim Coleman, president; Susi Peters, vice president; Peggy Larson, secretary; Ken Brock Jr., treasurer, and Randy Grier, 2nd year representative. The officers of the Walther League (High school youth) will be: Glenna Schroeder, president; Artie Lawson, vice president; Cindy Coleman, secretary; Steve Greiner, treasurer; Reed Grier, Christian Growth chairman, and Karl Geler, sergeant at arms. The Rev. Armin W. Hesse will address the congregation on the topic, "A Parable for the Sleepless."

At 6 in the evening, parents, youth and friends are invited to the parish hall for a potluck supper followed

# Congressman Rees Gives the Dope

# Tax Increase, Expenditure Cut; All Budget Fakery

by Congressman Thomas M. Rees

When you don't want to make a tough decision—fake it. That's just what Congress appears about to do as its answer to the serious fiscal crisis this nation is currently facing.

For the past few years, the federal budget has been badly out of balance—\$20 billion this year and an estimated \$24 billion next year. The deficit places impossible pressures on our economy—inflation is projected for a high (6%) increase this year; there is a tight money crisis, with interest rates for new homes setting records at 7½ and 8%; internationally our balance of payments problems continue. Obviously, something must be done.

The action is on two fronts. First, there is a proposal for a 10% surtax on existing income tax rates to raise new money. Secondly, there is an across-the-board cut of \$6 billion from an already tight federal budget. In this way we can pare down the deficit, which would take much of the pressure off the economy, reduce inflation, and improve our fiscal position both here and abroad.

While Congress is currently making some cuts in the budget, they are not anywhere near the proposed \$6 billion level. If the current

by entertainment in the form of a one-act meller-drammer, "True-Blue and Trusted." A Parent-youth discussion period will follow, and the evening will be closed with a devotional vesper.

# Dr. Robt. Arnott Returns Sunday

Dr. Robert Arnott returns to the pulpit at the regular Sunday morning worship service of the United Church of Christ Fellowship in Sierra Madre based on education.

With the scripture reference as Joshua 1:1-9, Dr. Arnott will speak on "Putting Great Horizons Around One's Life."

The Fellowship worship services are held at the Episcopal Church of the Ascension, North Baldwin at Laurel, each Sunday at 11:30. Guesting in the pulpit last Sunday was Dr. Eric Titus, professor of the New Testament at the Claremont School of Theology.

A new group discussion series is starting with meetings held on Tuesday evenings in the homes of members. Please call 355-8342 or 355-4370 for further information.

A real diplomat can break down millions of dollars of resistance with only a dime's worth of flattery.

Take time off occasionally from worrying about the faults of others and try to eliminate a few faults of your own.

So here is the U.S. Congress attempting to fake through a budget crisis in an election year. Oh, it'll be great to be able to tell the home folks, "We cut the budget!" when all we did was to avoid our responsibility as the legislative branch of government.

# Alpha Chi Omega To Meet June 4

Alpha Chi Omega (NPC) Alumnae daytime group will meet at 11 a.m. Tuesday, June 4 at the home of Mrs. Myron Smith, 225 Oak Meadow Road.

The meeting will be conducted by Mrs. Sidney Boggs, Pasadena, newly elected president. Other officers for the coming year are: Mrs. Richard Tull, Alhambra, vice president; Mrs. Warren Nelson, San Marino, treasurer; Mrs. Theo Rieger, Arcadia, recording secretary; Mrs. Charles Howk, Pasadena, corresponding secretary; Mrs. Paul Ludman, San Gabriel, ways and means.

Also Mrs. J. Roy Smetz, Pasadena, Panhellenic representative; Mrs. John Peters, Pasadena, Panhellenic alternate; Mrs. Charles Carter, So. Pasadena, Lyre editor; Mrs. Merle McGinnis, Pasadena, warden and chaplain; Mrs. Walter Jessup, So. Pasadena, historian; Mrs. Russell Leadbrand, Pasadena, program; Mrs. Jerome Forbes, Alhambra, magazines; Mrs. Schuyler Dalton, Altadena, membership; Mrs. Fredlock Little, San Gabriel, publicity; Mrs. Elwood Zillgett, San Marino, telephone.

Miss Sandy Krough, of Southern Counties Gas Company, will speak on "Convenient Foods and Fabrics."

Members are asked to take a sandwich. Salad and dessert will be served. All Alpha Chis in the area are invited and may make reservations with Mrs. Boggs, 797-2993.

Always take advantage of the little opportunities that come along and you won't have long to wait for the big one.

conomic balance within the community.

5. Continue a high level utility service on a city-wide, equitable basis, without creating an undue tax burden.

6. Establish traffic circulation to provide the optimum flow and ease of accessibility within, through and around Sierra Madre.

7. Encourage beautification of the city in general, preserving and enhancing the natural terrain and vistas.

8. Give emphasis to open space, city entrances and the beautification of major streets.

9. Exchange and stimulate the cultural development of the city, including public, semi-public and private. Also to promote citizen participation.

10. Provide adequate recreation for youth, young adult, adult, and senior citizen.

The specific goals which the committee recommends are grouped into the five following general categories:

1. Land use and development;
2. Public facilities;
3. Traffic and parking;
4. Parks and recreation; and
5. Beautification.

## LAND USE AND DEVELOPMENT

More than half of the time spent by this committee in developing goals has been spent in discussion of often differing points of view relating to land use and development within the city.

### Residential Area

From the many ideas discussed, the following specific opinions are unanimously recommended as goals:

1. Adopt a policy of encouraging total land use on substandard size lots where proper opportunities exist.
2. It is a specific goal of this committee to favor the development of owner-occupied single family residences.

3. Encourage cluster development of residences in the hillside or C.U.P. areas with a minimum of earth movement; the primary objective being to retain the natural environment.

4. It is a goal to develop better quality apartments through restrictive zoning code provisions. The committee unanimously agrees that the community has an excess of R2 and R3 zoning.
5. A goal should be established to encourage compatible development of existing odd size or over size lots.

### Canyon Area

This committee considers the canyon to be one of the biggest problems facing the community. A great asset is rapidly deteriorating into our greatest detriment. Six immediate goals are submitted:

1. Mandatory installation of sewers from a health standpoint;
2. Encourage rehabilitation and/or replacement of substandard structures;
3. Possible complete redevelopment;
4. Possible spot commercial development in an arts-craft supply concept;
5. Develop neighborhood parks and recreation areas; and
6. Maintain traditional unique charm of the canyon, with adequate health and safety conditions.

### Commercial Area

1. Encourage further light and clean industrial development, phasing out manufacturing zoning, and substituting highly restricted light commercial-industrial uses.

2. Encourage the further expansion around present existing commercial limits, the objective being that of broadening the existing area as opposed to widening present area.

3. The committee considered the possibility of selling Memorial Park for shopping center purposes and acquiring park lands elsewhere in the city with the proceeds of the sale. The committee is not able to agree on a recommendation.

4. It is a specific goal in the commercial development that the City of Sierra Madre encourage specialty shops to draw shoppers from outside our community and at the same time keep Sierra Madre's purchasing power within our city.

5. As a goal we feel that the community should adopt an architectural theme or plan that would unify, but not restrict, the overall appearance of the town. Such a theme should be within the concept of the history, tradition and foothill location of Sierra Madre.

# Editorially Speaking ..

## Now You Know!

Now that it's after April 15 and the mail bags have been emptied, what goes on behind the doors at the Internal Revenue Service? The local IRS Chief, F. S. Schmidt, has now revealed some interesting facts about the year-around audit program.

Mr. Schmidt, whose official title is District Director, Internal Revenue Service, Los Angeles District, is the head man of this IRS Office which covers 12 Southern Counties of California.

In explaining the nationwide audit program, Mr. Schmidt said that the prime objective of the IRS' enforcement activities is to ensure that each taxpayer's tax liability is correctly established and that all taxes due are paid. The confidence of the American citizen in the Federal tax structure and his acceptance of our self-assessment system is largely dependent on the Service's ability to achieve this objective.

Last year over 3.1 million returns were audited; that is, the taxpayers were asked to produce records, supply more information or otherwise back up items on their tax returns. Many were able to do this by mail. Others visited IRS offices. In some instances, they were visited in their home or place of business by a tax agent.

The detailed examination of these returns revealed that taxpayers had overpaid as well as underpaid their tax. Over \$190 million was paid back to taxpayers who had made errors in interpreting the law. A total of \$3.3 billion, however, was assessed in additional taxes as a result of the examination program.

Although a relatively small percentage of returns gets this kind of attention, every return is checked for mathematical accuracy. Surprising as it may seem, arithmetic errors turned up on nearly 3.9 million returns last year. Almost half of these resulted in the payment of too much tax. Some \$94 million was returned to 1.5 million taxpayers in 1967 stemming from mistakes in arithmetic which IRS discovered. On the other hand, just over 2.3 million taxpayers were notified of additional tax due because of such errors discovered on their returns. This amounted to \$27 million.

Besides being mathematically verified, returns are automatically checked on other points. These include whether certain items of income have been reported. If money is owed for a prior year or for another type of tax, and if more than one request for a refund has been filed.

### How Are Tax Returns Selected for Audit?

Generally speaking, the selection of returns for audit is based upon carefully developed criteria designed to identify those returns where the greatest chance of error exists. In addition, some returns are selected at random so that no class of returns is assured of exemption from audit.

Another basis for selection of returns for audit has to do with the size and nature of itemized deductions. If particularly large amounts are claimed in deductions or there are other items which appear to need verification, then the return may be selected for audit.

On most of these returns, IRS wants to make sure that the taxpayer actually made the contributions he claims, or paid the doctor's bills, or suffered the casualty loss he said he did. Good records—cancelled checks, paid bills and receipts—will usually lead to the acceptance of the return as filed.

In some cases, however, it is not a question of whether the bill was actually paid, but whether the expense was deductible under the law. It should be kept in mind that IRS does not make the law but is responsible for administering it as passed by Congress.

Surprisingly few of the returns audited each year lead to disputes that cannot be settled without going to court. Only about 7,000 cases, or less than one-fourth of 1 percent of the 3.1 percent audited, reached the court stage.

Dependency exemptions are the most frequent subject of disagreement between the taxpayer and the IRS. To qualify for a dependency exemption, the law sets specific requirements and asks for substantiation of claims.

A recent guideline enacted by Congress last year applies to 1967 income tax returns just filed. The new rule provides that the parent with custody of the child for the greater part of the year is generally entitled to the deduction. There are, however, exceptions to this rule, depending on the terms of the decree and the amount contributed to the child's support by the parent who does not have custody.

The underlying objective of the entire audit program is to bolster the voluntary compliance tax system. Audits and other enforcement actions help assure all taxpayers that the foolish few who flaunt the tax laws are caught and that each taxpayer pays just his fair share of taxes—no more and no less.

In recent years, about 97 percent of federal tax revenues have come from what has been voluntarily paid by taxpayers and through withholding. The examination of returns and other enforcement actions account for the remaining 3 percent of revenue.

Mr. Schmidt cited a quote from President John F. Kennedy: "For voluntary self-assessment to be both meaningful and productive of revenues, citizens must not only have confidence in the fairness of the tax laws, but also in the uniform and vigorous enforcement of these laws."

## Life's Work Begins

School is out, the report card taken home with pride or disappointment, and a veritable army of young people are looking about for summer's change of pace. To some, the summer will be a time of relaxation, sports and rest; to others it will be a time to sample the world's work, to earn some coveted possession. To the graduates, who will turn their backs on schools, it will be a time to meet the responsibilities they will face the rest of their lives.

As a measure of the school system is the degree of eagerness and preparation with which the graduate comes to the adult work-a-day world, so the measure of the community is the understanding and enthusiasm with which he is greeted. If the truth of the old American concept of opportunity is to be preserved, then those opportunities must exist and the newcomers must be helped over the rough spots to find them.

Not every graduate will be qualified for the job he wants, or opportunities may be limited in the area he has chosen, but all must be greeted with encouragement rather than rejection, aid rather than disinterest, as they seek their place in the world of today to do their part to create a better world of tomorrow.

The community of business and industry needs the constant infusion of youth and fresh eagerness if it is to find the answers to problems created by the great number of technological changes.

## FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

Another year has rolled around and Freedom At Any Price is now heading into its seventh year of journalistic existence.

We are doing very well in spite of that ever-present group of "americans" (spelled with a small "a") whose version of a free press is to put us out of business. Our business is, and always has been, the forthright presentation of fact and the exposure of fallacy. This, in itself, has pulled many of the "rats out of their holes" and has confronted us with more than our fair share of enemies. And some, we might say, have been rather formidable.

You see, we like to think of Freedom At Any Price as we would a responsible individual who is judged not only by the kind of friends he has but also by the kind of enemies he has made!

In order to give you, the reader, some idea of the number of friends this column has made over the last six years, we need only to check our growth pattern, our mail and our phone calls. Today, Freedom At Any Price boasts a circulation of over half a million readers every week. Correspondence from some of these readers, in the form of letters and phone calls to this writer, indicates our friends outnumber our enemies by a ratio of over 20 to one. And, let there be no doubt about one thing — we have no fear whatsoever of those extreme critics who desire more than anything else to plough us under. In the words of William Congreve: "I hear a great many of the fools are angry at me, and I am glad of it, for I write at them, not to them."

To the many fine readers who have taken the time to make their constructive, as well as kind, thoughts known to this writer and the newspapers that carry this column each week, we say "Thank you."

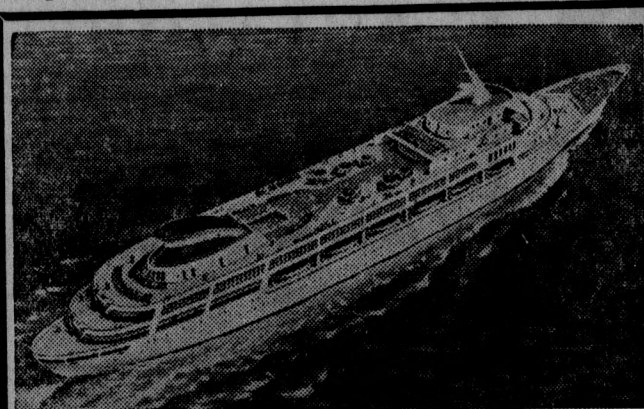

Two years ago we quoted Gus Hall, present secretary of the Communist Party, U.S.A., as saying: "Fronts are a thing of the past. We (the communists) don't need them. We've got the W.E.B. du Bois Clubs, the Student Non-Violent Coordinating Committee and the Students For a Democratic Society going for us, but they're not just fronts in the usual sense of the word. They're just part of the 'responsible left' — that portion of American youth that realizes American society is sick."

And we wonder why all the turmoil on the college campuses across the nation.

Five years ago we quoted Gus Hall as reportedly saying at the funeral of Eugene Dennis: "I dream of the hour when the last Congressman is strangled to death on the guts of the last preacher — and, since the Christians seem to love to sing about the blood, why not give them a little of it? Slit the throat of their children and drag them over the mourner's bench and the pulpit, and allow them to drown in their own blood; and then see whether they enjoy singing these hymns."

This is the "man" whose right to speak out to the youth of our nation was demanded and obtained by the American Civil Liberties Union. This is the "man" whose Communist Party has been effectively protected by our own Supreme Court decisions. This is the "man" who has delivered hundreds of speeches across America, many of them on university campuses.

We will close up the column this week with a little question . . . "If the government is going to pay certain people for doing nothing, as some are advocating, will those more efficient at doing nothing receive higher pay than others?" . . . This should be checked over, I hope, I hope, I hope.

## Out of the Cobwebs

Sixty Years Ago:  
May 22, 1908

A movement is under way to have a Fourth of July celebration in Sierra Madre, the program to consist chiefly of athletic events for boys. Mr. Gottlieb has consented to take charge of soliciting the prizes to be offered for the winners. A tentative program of the events has been made up and will be published next week. Many of the boys about town already are in training and promise a lively competition.

Mr. Shea and family, who have occupied the Adams cottage on Hermosa Ave. the past winter, left this week for Japan, their former home.

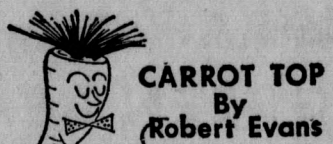

Memorial Sunday will be observed at the First Congregational Church with appropriate service next Sunday. Dr. Campbell will preach a sermon appropriate to the occasion. Personal invitations have been extended to every veteran of the Civil War residing in Sierra Madre and vicinity.

to be present.  
As far as we have been able to learn, the following is a complete list of the veterans residing here: George Crow, A. L. Caskey, S. S. Cassad, J. A. Osgood, Eben North, M. W. Copps, W. H. Scott, A. D. Hawks, John Hart, W. G. Sturtevant, W. F. Hatfield, E. N. Mead, R. A. Vail, Joseph Vail, Joseph Culver (Villa), R. Hudson Adelmyer.

Paul Reinwald continues his long mountain tramping in his course of training for the next Mt. Wilson climb. He did 56 miles of rough tramping in 17 hours.

Mrs. V. Kennedy of Cleveland, Ohio, who spent the past winter in Los Angeles, was recently a house guest of Mrs. O. M. Cadwell.

this remark was . . . "The computer just doesn't have to stop to answer the phone" . . . Of course there are several other things that I can think of that a computer does not have to stop and do . . . But why argue with success.

— CT —  
I couldn't help but notice all of the big trucks coming down Baldwin and Auburn the past couple of weeks, each loaded to the hilt with dirt. Of course I figured that it was being used for a fill for the new super highway, and some of it was being used to fill a lot on Sierra Madre Blvd. . . . After watching it I wondered where so much "dirt" could possibly be coming from . . . So I followed the trucks one day . . . Can you imagine it came from the top of Auburn . . . There has been an awful lot of "dirt" coming out of that area for the past two years . . . Just thought I would check on this one — Sorry.

— CT —  
Have you noticed the new "work uniforms" your local firefighters are sporting lately, sure makes them a "snazzy" looking bunch . . . A couple of weeks longer and all of them should have received theirs. It sure adds class to the department and it's the first change in the past 15 years, more or less . . . I do not have mine as yet, seems that they had to send to a "tent manufacturer" to complete the whole outfit . . . But I'll have it one of these days, real soon, I am told.

— CT —  
Any day now we should see the start of the demolition of the building on the corner of Sierra Madre Blvd. and Baldwin . . . The City will put this one out on bid, so come the latter part of June or the forepart of July should see some action in this area.

— CT —  
As I sit here writing this column I cannot but wonder what the Konkler Swimming Pool Fiasco will cost the taxpayers. It went to trial on May 17 and its results should be on the front page of this issue . . . Will it be another of those tenuous affairs that we suffered so many of during the past two years? . . . Be interesting to learn.

— CT —  
We will close up the column this week with a little question . . . "If the government is going to pay certain people for doing nothing, as some are advocating, will those more efficient at doing nothing receive higher pay than others?" . . . This should be checked over, I hope, I hope, I hope.
